

Braincurrant®

COMPREHENSIVE BRAIN SUPPORT FROM NEW ZEALAND BLACKCURRANTS

CafeniQ+

WHAT IS BRAINCURRENT®?

A whole fruit, NZ blackcurrant powder that provides comprehensive brain support for healthy brain aging.

The brain is the most extraordinary organ in the human body — and arguably the most important. It serves as the command center for everything we are and do. It processes our thoughts, stores our memories, and shapes our emotions, making each of us uniquely ourselves. Age, stress, and lifestyle, over time, compromise brain health, impacting mood, memory, and focus.

HEALTH BENEFITS:

**MOOD
BALANCE**

**SUSTAINED
FOCUS**

**MENTAL
CLARITY**

**LONG-TERM
NEUROPROTECTION**

KEY BIOACTIVES IN BRAINCURRENT®

Anthocyanins

- Enhance cerebral blood flow
- Improve microcirculation

Caffeoylquinic Acids

- Reduce inflammation
- Inhibit MAO-B

Caffeoyl Glucosides

- Complementary action with other phenolic acids
- Provide sustained antioxidant protection

Flavonols

- Support neurotransmitter balance
- Potent antioxidant

Vitamin C

- Potent antioxidant
- Supports neurotransmitter synthesis

HOW BRAINCURRENT® WORKS?

3 Synergistic Pathways

1. MAO-B INHIBITION

Preserves dopamine & serotonin → improves motivation, mood, memory, and mental clarity.

2. ENHANCES CEREBRAL BLOOD FLOW

More oxygen + nutrient delivery → sharper focus, faster processing, better memory.

3. ANTIOXIDANT DEFENSE

Neutralizes ROS + reduces H_2O_2 production → protects neurons from oxidative aging.

REAL SCIENCE. REAL PEOPLE. REAL RESULTS.

KEY POSITIONS FOR BRAIN HEALTH FORMULATIONS USING BRAINCURRENT®:

**MENTAL
FATIGUE
AND FOCUS**

**ANXIETY
AND STRESS
SUPPORT**

**LONG TERM
COGNITIVE
SUPPORT**

**OXIDATIVE
STRESS AND
INFLAMMATION**

WHY NEW ZEALAND BLACKCURRANTS?

Not all blackcurrants are created equal. New Zealand's unique geography delivers some of the highest UV intensities on the planet which naturally pushes the berries to produce a richer, more diverse array of bioactive compounds.

The result is a blackcurrant that naturally contains higher levels of anthocyanins and vitamin C than those grown elsewhere.

Same berry. Dramatically different potential.

**EXTENSIVELY
RESEARCHED
WITH 25+ CLINICALS**

**SUPER FOOD
WITH DIVERSE
BIOACTIVES**

**HIGHER
ANTHOCYANINS
AND VITAMIN C**

**GROWN IN
PRISTINE
ENVIRONMENT**

Anthocyanins per 100g

Whole fruit powder

CafeniQ+ Phenolic Complex

Retained phenolic matrix

Low dose of 300 mg/day

Acute & long-term brain support

Suitable for dietary supplement and functional food formats
